“The Inno-Food SEE objective is to set up the appropriate mechanisms that will facilitate the exchange and coordination of innovation approaches and policies for the food sector and to increase awareness on the importance of food innovation for the wider SEE area.”
Project Aims & Goals

1. To identify SME’s & Research Institutions active in the food sector in the Southeast Europe Area and bring the two together.

2. To benchmark and evaluate effective policies regarding the food sector and come up with fresh proposals.

3. To exchange knowledge, methods and ideas regarding food innovation.

4. To disseminate the Project’s results to a wider audience.
